

**JOIN ON A ROADTRIP
TO SECONDARY MONTESSORISCHOOLS
IN GERMANY AND HOLLAND
FROM 16 – 26 APRIL 2018**

This bus can be hired by any Montessori-school at www.betuwe-express.nl

Why?

In recent years many teachers -from secondary and primary Montessori schools- expressed their interest for visits to existing secondary Montessori Schools. How do different schools implement the ideas of Maria Montessori at their school? Questions such as ‘what are the spearheads’, “the challenges” and ‘the experiences” of the various schools? Also, how did they or can you start as a secondary Montessori school?

What?

From 16 – 26th of April we will organise a roadtrip to 5 Dutch and 4 German secondary Montessorischools. Our focus is to make visible the different ways in which these schools are developing Montessori Education at secondary stage. By doing so, teachers from primary and secondary schools can learn from each other.

How?

We’ll help you to construct your own roadtrip for at least 1 day and at most 11 days. If there is a lot of interest for this roadtrip, the ones who want to participate more days will get priority over the ones who will participate less days. Of course we’ll try to make the best ‘match’ between ‘demand’ and ‘supply’.

The Concrete Plan:

Every day we start at 8.00 hrs at Wageningen busstation with the Montessori Express bus. We return in Wageningen between 17.00 and 18.00. We deliver you websites for Hotels, Short-stays and (air)-B&B-adresses in Wageningen to make your own arrangement. You pay for transport-costs and the organisation of the excursions € 30 pp per day (for the excursions to the Dutch schools) and € 40 (for the excursions to the German schools). During the weekend of 21-22nd of April we’ll organise excursions to Amsterdam and Rotterdam (for €30 a day).

The perspective:

In this way the Montessori Express will bring teachers together who will be stimulated to develop Montessori Education at secondary stage. And maybe these visits and contacts will bring about connections between schools. This, in turn, might organise a kind of exchange with each other for years to come. If there are pupils (from secondary schools plus their teachers!) interested to join this roadtrip, they can apply.

We hope that this roadtrip will bring together many interested Montessorians, be a stimulus in the further development of Montessori Education in the secondary stage and will be a kind of 'kick-off' in our project Montessori Express 2020 with the aim to realize exchanges with teachers and adolescents in the years to come.
